What is a Current Document?

To be current, the document must be the most recent version or at least dated within **three (3)** months of the date it is presented to an election official. Copies of acceptable documents are permissible. The original is not required. It is also permissible for a voter to present an electronic or online version of a document, as long as the document is obtained from the original source (e.g., e-Bills from utility companies, electronic bank statements, electronic earnings statement from employer, etc.) and shows his or her current name and address.
