program costs. The amount that each Continuum of Care is eligible to apply for is the “NC ESG Fair Share”.

No more than 60% of funds can be used for Emergency Response Services (Street Outreach and Emergency Shelter). While there is a maximum percent for Emergency Services, there is no maximum for Housing Stability (Rapid Re-Housing, HMIS, and Targeted Prevention). This means a Continuum of Care may choose to apply for the full 60% of Emergency Response funding or use some of that funding for Housing Stability Activities. The chart below shows the funding that each Continuum of Care may apply for during the FY25-26 competition.

Calculation of Distribution of Funds

To establish a fair distribution of program funds, the NC ESG Program uses the Department of Housing and Urban Development's (HUD) Continuum of Care (CoC) Pro Rata Formula as the basis for

determining the amount of eligible funding for each Continuum of Care. Seven entitlement communities receive ESG funding directly from HUD.

The allocation that these entitlements receive from HUD are considered when determining each Continuum of Care's eligible amount. The CoC Pro Rata percentage is multiplied by the total amount of ESG funds allocated to North Carolina (NC State ESG + entitlements). This is the total amount that each Continuum of Care should have as its fair share of ESG funding.

For communities that do not receive entitlement funding from HUD, the full amount will come from the NC ESG Program. For entitlement communities, the amount received directly from HUD will be subtracted from their fair share, so only a portion of the fair share is awarded through the NC ESG Program. The chart below shows the total fair share for each entitlement community with the amount of program funding administered by the local government and the NC ESG Program.
