Dear Precinct Officials:

This handbook describes as best as possible step-by-step procedures to follow for a general election. All poll workers, including assistants, should be familiar with the contents of the handbook.

Laws that govern the voting process are complicated and can be confusing. We are trying to simplify that process as much as possible with this detailed handbook. Please review the handbook before each election and refer to it on election day.

Keep in mind that on election day you are there to serve the voters. Friendly greetings and a sincere "Thank you" as voters are handed an "I Voted" sticker will make this process a good one for all involved. As I have often said, you, as precinct officials, conduct the elections. You deal directly with the voters and your conduct most directly influences whether the voters think the election has been conducted properly and fairly.

Thank you for your faithful and dedicated service to the board of elections and the citizens of Guilford County.

A handwritten signature in black ink, appearing to read "Charlie Collicutt".

Charlie Collicutt
Director of Elections

GETTING READY FOR AN ELECTION

Before each election the chief judge must:

Contact judges, election day specialist (EDS) and assistants. Chief judges must verify who will be able to serve this election. The elections office will inform you of the number of assistants allowed for your precinct. **The NC Administrative Code states that relatives, by blood or marriage, cannot serve in the same precinct.**

Contact person in charge of the polling place. The chief judge must remind the contact person for the facility the date of the election and make arrangements for Monday set-up. Arrange to pick up the key or arrange for guaranteed entrance by 6:00 a.m. on election day. Get the telephone number of the custodian or person in charge of unlocking the building. You may need to get in touch with them election morning or return to the polling place after you leave the building election night. (Both situations have happened!)

Visit your polling place to determine special needs, e.g. extension cords, tables, chairs, telephone access, etc. Inform our office if you have any problems with the polling place that cannot be resolved. If you are using a facility phone, be sure you have telephone access from 6:00 a.m. until you are ready to leave the polls and that our office can call you (answering machines should be turned off). If you have picked up a phone from the elections office, check the phone by calling the office or coordinator from your polling place to be sure it works. Call the elections office from the polling enclosure area using your election day phone no later than 5:00 p.m. Friday before the election.

Check supplies in your supply bag before noon on Friday. Also check supplies in supply box. If anything is missing, call the office at 641-3820. Be sure you have all the signs you need.

Arrange a time with your judges, election day specialist, assistants and **coordinator** to get together on Monday before the election (**see Monday set-up**).

Voting system, voting booths, and supply box will be delivered to the polling place the week preceding the election. Check **NO LATER THAN 5:00 P.M. FRIDAY to be sure you know where everything is stored.**

INSTRUCTIONAL MEETINGS

The board of elections and the director of elections are required to instruct precinct officials before each primary and general election. **The chief judge, the judges of the election and election day specialist are REQUIRED to attend this meeting.**

You will be paid \$15.00 for attending the meeting. The chief judge, judges, and election day specialist will be notified well in advance which night they are scheduled to attend.

****Chief judges will pick up their supplies and signs for the election during the day or the night of their Instructional Meeting. It will be determined prior to the election when registration lists will be picked up.****

ELECTION DAY PREPARATION

The chief judge, judges, election day specialist and assistants must arrive by 6:00 a.m. on the day of the election

! Chief judge should be sure to turn on their elections cell phone and leave it on all day. If screen is blank, the phone is off!

⇒ In order to begin voting, the DS200 needs to be turned on **and plugged into an outlet**.
First:

- Open Ballot Bin, remove ballots, and make sure lid to Blue Bin is open
- Unseal and unlock the top lid
- Lift the screen
- After power up, you will enter the Election Password which will be provided at the Instructional Meeting.
- Set up AutoMark and power on by lifting the screen and turning the key to “on”
- Record all seal numbers on the machine checklist

⇒ Display **VOTE HERE** signs at entrance to polling place. Place **ENTRANCE, EXIT, PARKING** and **HANDICAP** signs where necessary (see p.15).

⇒ Mark off 50 feet from polling place entrance and place **NO CAMPAIGNING** sign beyond which all campaign materials, signs and campaigners must remain during the day. Remove any signs that may have been placed within the 50 feet. Check buffer area throughout the day to ensure that all signs are removed.

⇒ All officials complete and sign pay forms (Notebook).

⇒ The chief judge should administer oath to all poll workers. A judge administers the oath to the chief judge.

⇒ The chief judge should review the duties and instructions with all poll workers

⇒ Synchronize your watches with the clock at the polling place or Cell Phone for the correct time for opening and closing the polls

⇒ **At 6:30 a.m., one judge, at the chief judge’s request, announces that the polls are open and states the hour at which they will be closed**

⇒ Those who voted early, prior to the printing of the registration list are already marked as voted. When the final absentee list (early and by-mail voters) is delivered election morning,

mark the additional names on your registration list according to the instructions that accompany the list. Then post one copy of the absentee list in a conspicuous place.

- ⇒ **At 7:30 p.m. the chief judge declares the polls closed.** Anyone who is qualified to vote and is waiting in line when the polls close must be permitted to vote. When the polls close, the chief judge or another precinct official chosen by the chief judge should go to the end of the line to determine who was last in line at the moment of closing. Give each voter in line a blank AtV form. Post someone at the end of the line so that they can inform anyone coming in that they are too late. Only voters with a blank AtV form will be permitted to vote after the polls close.

FOR YOUR INFORMATION

- ◆ State law requires that the chief judge, judges, election day specialist and assistants remain together (continuous presence) at the polling place from 6:00 a.m. until all the votes are counted. The purpose of this rule is to prevent election fraud and to have the burden of work shared equally. Precinct officials may not leave for meals or to run errands; arrangements should have been made in advance for those matters.
- ◆ Remain nonpartisan while working at the polls. Do not discuss politics or issues. Do not wear campaign T-shirts, buttons or jewelry.
- ◆ Conversation should be at a minimum while voters are in the voting booth – no political discussion at any time. No radios, newspapers or televisions are allowed in the voting enclosure.
- ◆ After voting, all voters must leave the voting enclosure immediately. Socializing should be done outside this area.

REGISTRATION LIST AND AUTHORIZATION TO VOTE FORMS (POLL BOOK)

The **registration list** contains the list of eligible voters in your precinct. Authorization to Vote (AtV) forms will be in boxes inside of the supply box. AtV forms for voters who have voted will become your “poll book”.

The registration list will include a label on the right hand side. This label will contain the voter’s name, ID number, address, age (birth date will be on the left side), and the voter’s ballot style number.

The chief judge designates a **registration official** and a **poll book official** who will be responsible for the registration lists and completed (voted) AtV forms.

1. The registration official greets the voter and **asks them for their name** (NC state law requires that the voter state aloud this information). Locate voter’s name in the registration list. If the voter’s name cannot be readily located in the registration list, ask questions such as:

- ◆ Could you have registered under another name?
- ◆ Could you please carefully spell your name?
- ◆ Is the name perhaps a hyphenated one? If so, check both names.
- ◆ Are you sure you are in the correct precinct?

New Photo ID Requirement!

Ask the voter to produce their Photo ID, determine if it is a permitted kind of ID, and then determine if there is a Reasonable Resemblance to the photo and that the name is Substantially Equivalent. Please see further instructions on **pg. 22** and please use your **Photo ID/Check in Supplemental Handbook** for more detailed instructions.

2. **Ask the voter where they live.** The voter must state their residential address out loud.

If the Photo ID requirements are satisfied, then proceed:

3. **If the voter’s name and address are correct and they have shown proper Photo ID:**
 - a. The registration official removes the voter’s label from the registration list and places the label where indicated on Part A of an Authorization to Vote (AtV) form
 - b. The voter signs the AtV form (Part A), verifying that the address and other information are correct
 - c. The registration official initials the AtV form (Part A) and gives it to the voter
 - d. The voter then presents the completed AtV form to the precinct official at the ballot table, who hands the voter the appropriate ballot based on the label on their AtV
 - e. The poll book official periodically gathers the AtV forms and numbers them sequentially, putting them face up on the new metal fastener. Continue to put AtV’s on the fastener until there is just enough room effectively fold down the prongs to fasten the entire bundle. (The AtV form numbered #1 will be on the bottom and final AtV will be on the top.)

4. If the address given is different from the registration list, the registration official:
 - a. Removes the label and places it on an AtV form. Do not initial and do not let the voter sign Part A of the AtV form.
 - b. Sends the voter to the Voter Assistance Table with the AtV form. The EDS will determine if the voter is an ELECTION DAY TRANSFER (see p. 25-27) or an UNREPORTED MOVE (see p. 28-29).
5. Below some voters' names you will see **"VERIFY ADDRESS"**. The registration official will ask the voter if he/she still lives at the address of record or if they have moved.
 - a. If the voter has moved from the address of record, follow step #3.
 - b. If the voter still lives at the address of record, have the voter complete Part B of the AtV form to verify their information at the Voter Assistance Table. The EDS will record the voter's missing ballot # (from the non-label portion of the registration list) on the label on the AtV.
6. Below some voters' names you may also see **"ID REQUIRED"** (this is not the Photo ID requirement) Before voting this person must present to the registration official one of the following **HAVA Documents**:
 - a. A current and valid photo identification
 - b. Documentation that shows the name and address of the voter: a current utility bill, bank statement, government check, paycheck or other government document

When HAVA ID is presented, remove the label from the registration list and place it on an AtV form. The voter signs the form (Part A) and the official initials the form. The registration official checks the box on the AtV form, to the right of the label, the type of ID shown.

*If an **"ID REQUIRED"** voter does not show identification, they must vote a provisional ballot. Send the voter to the chief judge.*

7. If a voter appears at the polling place and their name is not on the registration list, the voter should be sent to the EDS.

If the voter's name is misspelled or has changed, or the birth date is incorrect, the registration official will instruct the voter to make the correction on the AtV form (Part B) and have the voter sign this portion of the form.

DO NOT make any corrections on the registration list.

OOPS! I PEELED OFF THE WRONG LABEL!!

If a label is peeled off in error from the registration list and you discover the error after you place the incorrect label on an AtV form -- place that AtV form at the page in the registration list from which the label was taken. Remove the correct label and place it on another AtV form.

If the label from the registration list becomes disfigured to the point of being unusable, transfer the account # and ballot # from the spoiled label to the spaces indicated on another AtV form.

Voters that have an "ID Required" or "Verify Address" status will not have a ballot style. You must hand enter this on the label after receiving the necessary information or ID. The EDS should use the red Allocation book or epollbook or call the office to determine the ballot style

Photo ID

Please see the **Photo ID Supplemental Handbook** for the acceptable Photo ID's, further discussion, of Reasonable Resemblance and Substantial Equivalence, and more information on procedures for Photo ID implementation.

The following is a brief discussion on the processes for initial Photo-ID check-in.

After locating the voter in the registration book (or e-pollbook if applicable), and verifying where the voter lives, ask:

“May I please see your Photo ID?”

- First confirm that the type of Photo ID presented is one of the permissible ID's.
- If expiration date is required for that type of ID, check the expiration date.
- Confirm that the picture on the ID and the name are of the voter presenting to vote.
- When confirming the identification of the voter, please use the following standards:
 - Picture – Reasonable Resemblance
 - Name – Substantial Equivalence (***not*** exact or identical), in the light most favorable to the voter.
- On the ID presented, the address does not matter. You may only refer to the picture, name, and expiration date (if required) on a permissible Photo ID.

Once confirmed this is completed, have them sign the AtV and the official initial the AtV, and send them to the Ballot Table.

If the check-in official does not find reasonable resemblance or substantial name equivalence, please fill out a Help Station Referral Form and contact the Chief Judge. Further instructions are found in the **Photo ID Supplemental Handbook**. Please use this for all procedures.

Voting the Paper Ballot

After the voter has completed the AtV, they proceed to the Ballot Distribution Table

- At the Ballot Distribution Table, the precinct official takes the AtV from the voter
- The precinct official checks the label for the ballot style
- The precinct official pulls the correct ballot based on the voters assigned ballot style
- The precinct official writes down the precinct on top of the ballot (may be done in advance)

You must write the precinct number in the box on each ballot:

- If they have their ballot returned, they must spoil it and begin with a new ballot
- After depositing the ballot, the voter is done!

Spoiling a Ballot

- Sometimes the DS200 will reject a ballot because the ballot is unreadable. It will need to be “spoiled.”

Procedures at the New Precinct

The voter enters the new precinct and presents the AtV form to the Election Day Specialist (EDS).

The EDS will use the red Allocation book, or e-pollbook, to verify the voter is in the proper precinct based on the new information given. EDS will write in the correct ballot style on the AtV.

The voter will then be asked to sign the AtV form (Part A). The EDS will initial Part A and send the voter to the ballot distribution table where the voter will be allowed to vote a regular ballot.

Do not forget to ask for Photo ID!

PROCEDURES FOR UNREPORTED MOVES

If a voter appears at the **NEW** precinct without going to the old precinct (e.g. “I moved into this area from another precinct and my neighbor told me this is where I should vote”), the procedures that must be followed are:

- The voter’s name will not be on your registration list. Send the voter to the Voter Assistance Table.
- At the Voter Assistance Table the voter will be asked to fill out Part B of the AtV form with the voter’s new address and updated information with their signature.
- The EDS or chief judge should determine if the voter is registered, obtain the voter’s account # by calling the old precinct, the e-pollbook, or calling the elections office (do not get the account # from the voter ID card) and confirm that they have not voted in this election by calling the old precinct. (Alternatively, the EDS or chief judge may call the elections office to determine the registration status of a voter not on the registration list.)
- The EDS will ask the voter when he/she moved and determine if the new address is in the precinct, using the red Allocation book or e-pollbook. The EDS should also determine the precinct of the voter’s previous address.

If the voter moved more than 30 days* ago, proceed with the next steps, and see next page for an example:

- The EDS should complete Part C (Election Day Transfer). Write the voter’s account # and correct ballot style # if available in the space provided in Part A.
- The EDS should initial and have the voter sign Part A before sending the voter to the ballot distribution table to receive their ballot.
- **Do not forget to ask for Photo ID!**
- The EDS should attempt to call the old precinct to place a “T” on the line beside the voter’s name on the registration list (not on the label). Please confirm this before a voter is permitted to vote.
- If a voter comes into your precinct without an AtV and is not in the proper precinct, look up the person’s address in the Allocation book or e-pollbook. Write on a note pad where they should be and send them to the proper precinct (see note below).
- Do not send a voter back to the old precinct to get their label.

Note: If the move took place 30 days or less* before the election, the voter must vote in the old (original) precinct and file an address change for the next election.

❗ 30 day residency deadline:

PROCEDURES FOR PROVISIONAL BALLOTS

Reasons for voting a provisional ballot:

- > Voter claims to have registered, but no record is found on election day
- > Voter was registered, but has been “previously removed” from active file*
- > Voter is registered but assignment to a voting district/municipality is questioned
- > Voter appears after 7:30 p.m. and poll closing has been extended due to a lawful order
- > ID issues (HAVA ID or Photo ID Requirement)
- > **Listed as “DL/SSN Provisional Only” **this is a new procedure**
- > “Put out a Fire”

Any voters in the above categories should be sent to the chief judge. The chief judge should call the elections office for voter registration information. If it is determined that the person is at the proper polling place, they will be instructed to allow the voter to vote a “provisional ballot” according to the following procedures:

- > If the provisional is for a reason other than ID, you must ask for ID just like any other voter.
- > Only if the voter is a **“DL/SSN Provisional Only” voter**, give them the Notice for DL/SSN Provisional Voters.
- > Voter completes and signs the Provisional Voting Application (found in the **green bag**). **Check to be certain voter completes all the information properly before the voter leaves.**
- > Chief judge fills in Pollbook Number, VRN, and precinct information at the top of the application.
- > Place the application in the **plastic sleeve** attached to the envelope.
- > Find the PIN labels in the green bag.
- > On the **Provisional Poll Book** (green bag), next to the voter’s provisional # (P-1, P-2, etc.), write the voters name, address, and ballot style #. Place the PIN label marked “POLL BOOK” where indicated.
- > Chief judge places the PIN label marked “ENVELOPE” on the back of the envelope where indicated.
- > Voter signs their name on the poll book, even though there is no column for this.
- > Give voter an official paper ballot with instructions along with the completed provisional ballot envelope. **Mark the ballot with a P.**

- > Voter marks the ballot, folds it in half and seals it in the completed provisional ballot envelope. (Give the voter privacy while he/she votes.)
- > Attach the third pin label marked “INSTRUCTION SHEET” to the bottom of the green “Provisional Voter Instructions” sheet and give the sheet to the voter. This sheet contains information for the voter to find out after the election whether their ballot is counted by calling a number or checking a web site.
- > Chief Judge fills out the information on the back of the envelope.
- > The provisional ballot envelope (with ballot sealed inside and application in the plastic sleeve) is then placed in the **brown provisional envelope** (green bag) marked “Provisional Ballots” and placed in **red bag**. DO NOT secure the **brown provisional envelope** with the Official Election Seal until the end of the day.
- > After the polls close, the chief judge and judges sign the Provisional Poll Book in the space directly below the last voter’s name and return it in the **brown provisional container envelope**.
- > Secure the **brown provisional envelope** (containing all voted ballots and Provisional Poll Book) with the Official Election Seal (properly labeled and signed) and place it in the **red bag** to be brought in with the returns by the chief judge on election night.
- > If you have no provisional voters, do not seal the **brown provisional container envelope**. Mark it “0”, place the signed Provisional Poll Book inside, paper clip the blank seal on the outside and return in the red bag.

***A “previously removed” voter will not be on your registration list**

- Using the Allocation book, make sure the voter is in the correct precinct.
- Call the elections office to verify their registration. If their record falls into this category, you will be instructed to allow the voter to vote a provisional ballot.
- Follow the instructions for provisional ballots.
- Ask for the voter’s account # when you call the elections office and record the number on the Provisional Ballot Affirmation (Section 1 of the provisional ballot envelope).
- The voter will check the box for “previously removed” as their reason for voting a provisional ballot.

PROCEDURES FOR CURBSIDE VOTING

Election officials can assist voters who cannot enter the voting place because of age, physical disability or physical barriers encountered at the polling place. Curbside voting is allowed during the entire time the polls are open.

Step 1

When curbside assistance is needed, the curbside official obtains the voter's name and address to look up in the registration list

The voter still must present Photo ID like any other voter

Step 2

A judge checks the registration list for the voter's name and address. If both are correct the registration official applies their label (from the registration list) to an Authorization to Vote (AtV) form. If the address is different, the voter should be processed through the Election Day Specialist.

Step 3

The curbside official takes the AtV form (which now has the curbside affidavit on the bottom), curbside instructions, and a paper ballot to the curbside voter. The voter signs the AtV form (Part A) and the official initials (Part A). The voter also signs the Curbside Affidavit on the bottom of the AtV (Part D). After instructing the voter on the use of the paper ballot, give the voter privacy while he/she is voting.

Step 4

The voter puts the ballot into a privacy sleeve and hands it to the official.

Step 5

The official goes into the polls and puts the ballot into the DS200 scanner. If there is an issue with the ballot, please go back and alert the voter. If they have driven off, cast the ballot.

Step 6

The curbside official places the completed AtV form at the poll book official's table.

If the person accompanying a curbside voter to your precinct is a registered voter in your precinct – he/she is also allowed to vote curbside if they also sign the affidavit at the bottom of the AtV. Follow the same procedures outlined above. You may process the curbside voter and the person accompanying the voter at the same time.

PROCEDURES FOR NOTIFICATION OF DECEASED VOTER BY NEAR RELATIVE

If a voter asks that the name of a deceased relative be removed from the registration list, follow these procedures:

- First, determine if the voter is a near relative of the deceased: *spouse, parent, child, sibling, grandparent or grandchild*
- If so, the registration official should remove the deceased voter's label from the registration list and place the label on a Notification of Deceased Voter by Near Relative form (found in the Notebook)
- Give the form to the near relative to sign and circle their relationship to the deceased
- Place completed form to the inside front pocket of the Notebook.

Do not write “deceased” on the registration list. North Carolina elections law states that only a near relative of the deceased can have a name removed and it must be in writing.

NOTIFICATION OF DECEASED VOTER BY NEAR RELATIVE
Please remove the following voter from your records:

PROCEDURES FOR CHALLENGES

To make a challenge on election day, a challenger must be a registered voter of Guilford County. The grounds for challenge on election day are that the challenged person is not qualified to register, that they do not live in the district they intend to vote in, or that they have already voted in that election. A challenge may be made during the entire time the polls are open.

The Notice of Challenge/Application (envelope) For a Challenged Ballot, a copy of the Sworn Voter Oath, and the Log of Challenged Voters is in the Notebook.

1. The precinct officials should determine first that the challenger is a registered voter of Guilford County
2. The person making the challenge will fill out a Notice of Challenge form (Section 1) listing the reason(s) for the challenge and sign the oath. After making the challenge, the person must leave the voting enclosure
3. The chief judge fills out the “sworn to and subscribed before me” section at the bottom left hand corner of the form
4. The chief judge and judges will hold a “hearing” as soon as possible (before the polls close) and decide, by majority vote, whether the challenged person is qualified. Proceed as follows:
 - a. Begin the hearing by explaining to the prospective voter the qualifications for registering and voting
 - b. Question the person regarding qualifications
 - c. If necessary, witnesses other than the voter may be heard. Any witness should be put under oath by the chief judge.
 - d. The last step is for the chief judge to give the Sworn Voter Oath to the voter. (If voter refuses to take the oath, the challenge should be sustained.)
 - e. If the precinct officials determine that the challenged person is qualified and he or she takes the oath, they permit the person to vote
 - f. On the registration list and Authorization to Vote (AtV) form opposite the name, the word “sworn” is written

1. If the precinct officials uphold the challenge and find that the voter is not qualified, he or she may still attempt to vote
2. The voter should fill out Section 2 and 3 on the back of the white envelope
3. When the voter presents the information to the precinct officials, they should enter a “C” on the registration list, record the appropriate sequential challenged ballot # (ex. C1, C2, C3) and write the voter’s name on the Log of Challenged Voters
4. At the top of the white envelope, the chief judge should write the challenged ballot # and the precinct #
5. The chief judge should give the voter a paper ballot with instructions (**green bag**) and the completed challenged ballot envelope
6. The voter marks the ballot, folds it in half and seals it in the envelope
7. The chief judge places the envelope in the **red bag** to be returned election night
8. The chief judge and judges should sign the log after the last voter’s name. (The log should be signed even if it is blank.)

O/E (odd/even) column. The determines which side of the street a particular address is on. An odd/even range is listed for every street segment (residential addresses only).

Street #. Lists the voter's actual house number. Verify that you are looking at the "O" row for odd numbers and "E" row for even numbers.

Direction column. Displays the direction for streets with "E", "W", "N" or "S" in their name.

Street name. Alpha listing for all streets in the county. When looking for highway, look under N for NC highways or U for US highways. When looking for the address of a numbered street, look in the front of the allocation book.

Street type. When verifying a voter's address, confirm that the number range and the street type match. If a discrepancy exists, call the Elections Office to confirm the voter's correct precinct.

Precinct column. The column is in bold. This column determines what precinct the specific address is in.

Muni column. This is the municipality in which the street segment exists. Voters are sometimes confused because their post office city does not agree with their voting district.

District columns. These columns state which districts an address is in. These only apply to districts that are applicable to the current election. These will only need to be referred to if your precinct has multiple ballot styles.

OBSERVERS / RUNNERS

Please note the following information provided by the State Board of Elections. You have been provided with this documentation in your Notebook.

OBSERVING THE ELECTION INSIDE (appointed by political party)

Members of the public may not enter a voting site to observe the election. Only observers appointed in advance by a political party may be inside. In general, observers are permitted to move around the voting place and observe the voting process. Observers are not permitted to interfere with the privacy of any voter or the conduct of the election, or to violate any other election law. Each county party may assign site-specific observers and at-large observers for the county. No more than 3 observers from the same party may be in the voting place at the same time. Site-specific observers may be relieved after serving no less than four hours. At-large observers (statewide and countywide) may be relieved at any time throughout the day. Observers who engage in misconduct are subject to removal from the voting place.

Observers may:

- Take notes in the voting place, including on an electronic device (but video or audio recording in the voting place is prohibited)
- Listen to non-private conversations between a voter and election official that take place in the voting place (see FAQ 8)
- Move about the voting place, including the designated area for curbside voting, with some limitations (see FAQ 8)
- Leave and reenter the voting enclosure
- Communicate via phone outside of the voting enclosure
- Witness opening and closing procedures at the voting place
- Take photographs inside the voting place **BEFORE** voting begins and **AFTER** voting has concluded, if it does not impair any election official in the opening and closing procedures or compromise the security of ballots, election equipment, or election results. Observers may not photograph security features of the voting system, including passwords entered into the tabulator or the Election Qualification Code (EQC) on tabulator tapes, or record video or audio of opening or closing procedures

Observers may NOT:

- Interfere with the privacy of the voter
- Look at, photograph, videotape, or otherwise record the image of any voter's marked ballot
- Attempt to see how a voter voted or, if an observer somehow learns how a voter voted, reveal that information
- Photograph, videotape, or otherwise record the image of any voter within the voting enclosure, except with the permission of both the voter and the chief judge
- Impede the access of any voter to the voting place
- Interfere with a voter at any point inside the voting enclosure, including questioning voters inside the voting place
- Harass voters, voter assistants, election officials, or other observers
- Intimidate voters
- Interfere with the conduct of the election
- Assault, intimidate, or attempt to intimidate a chief judge, judge, or other election official
- Inhibit or interfere with any election official in the performance of his or her duties, including interfering with the transport of sealed ballot boxes, election equipment, or election results to the county board of elections
- Interfere with the performance of any duty imposed by law on election officials (duties related to voters include determining a voter's qualifications at check-in, instructing voters on voting procedures, assisting provisional voters, deciding whether a voter bears a reasonable resemblance to their photo ID, and counting ballots)
- Engage in electioneering including wearing campaign paraphernalia
- Make or receive phone calls while in the voting place
- Retain a voter's signature, full or partial Social Security number, date of birth, the identity of the public agency at which the registrant registered, any email address submitted for the voter's registration, or driver's license number
- Provide false information to voters about the voting process
- Knowingly swear falsely on a voter challenge form
- Remove official ballots, paper records or copies of individually voted ballots, or any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record

RUNNERS (appointed by political party)

Runners are appointed in advance by a political party to collect lists of people who have voted at the voting site specified intervals (generally 10am, 2pm, 4pm). The runner must identify themselves to the chief judge and immediately leave the voting enclosure after receiving the list of voters. G.S. 163-45.1. Observers are also entitled to obtain a list of the individuals who have voted.

OUTSIDE MONITORS

Anyone has the right to watch or monitor the election outside the voting place. This activity must remain outside the buffer zone, which typically extends 50 feet from the entrance of the voting place and is clearly marked. Outside monitors must stay within the area designated for election-related activity, if provided. Outside monitors may not disrupt voting, intimidate voters, or otherwise impede access to the polls. On-site elections officials have the duty to ensure a safe and orderly voting site where voters are not obstructed. These officials are authorized to remove anyone who is disruptive. G.S. 163-48.

OBSERVERS / RUNNERS (continued)

Frequently Asked Questions About Observers

1. A countywide observer arrives at the voting site at 8am and leaves at 9am, when they are replaced by a different countywide observer. Is this allowed?

Yes. There is no minimum amount of time a countywide or statewide observer may serve before being replaced.
2. How will election officials and voters know that there is an observer on-site?

Observers will check in with the chief judge on arrival at the voting site and the chief judge will confirm the identity of the observer. Observers are required to wear an identification tag to indicate their role at the voting site.
3. When may a site-specific observer be replaced?

A site-specific observer, whether on Election Day or at an early voting site, may be replaced after serving for at least four hours. For example, if the observer arrives at 6:30 a.m., the observer may be replaced by another site-specific observer at 10:30 a.m. This assumes that there are two site-specific observers from that party serving. If there is only one site-specific observer serving, a second site-specific observer may arrive and serve at the same time.
4. An observer continually leaves and returns to the voting place. Is this allowed?

In general, yes. An observer is allowed to leave and reenter the voting enclosure. However, if the observer's activity interferes with the conduct of the election or otherwise constitutes prohibited conduct, the observer is subject to removal.
5. What should county boards of elections do if an observer refuses to comply with this guide?

If possible, the chief judge must first give the observer a written or oral warning. It is preferable that the warning be in writing to document the warning. The warning shall include the time and nature of the offense, and if possible, the observer should be provided a reasonable opportunity to correct the behavior. If the observer does not correct their behavior and the chief judge determines the observer should be removed, and the chief judge must immediately notify the director of the county board of elections. The director of the county board of elections must immediately notify the appointing authority so that a replacement observer can be appointed.
6. Are observers permitted to board a bus that contains curbside voters?

Observers may observe the voting process from outside the vehicle provided they respect the privacy of the voter, including not standing so close that they may observe how the voter marks their ballot. The county board of elections cannot authorize observers to board a vehicle.
7. Are immediate family members of candidates allowed to be observers?

Yes. A candidate who appears on the ballot may not serve as an observer, but a family member of the candidate may serve as an observer.
8. Where is an observer allowed to be in the voting place?

In general, observers are permitted to move around the voting place. However, observers are not permitted to interfere with the privacy of any voter or the conduct of the election, or to violate any other election law. Observers may not stand so close to a voting booth or tabulator that they can see how a voter voted. Depending on the setup of a given voting place, there are certain areas that may be completely off-limits, such as in a small voting place where all the voting booths are located close together.

 - To protect the privacy of the voter, an election official may not allow an observer to listen to a voter (1) discussing how they will vote their ballot (with an election official or an authorized voter assistant), or (2) sharing personal information with an election official that the law makes confidential (e.g., birth date, Social Security number, driver's license number, confidential address for confidential voters).
 - State law requires county boards to provide a space in the voting place for private discussion with voters concerning irregular situations. Election officials should exercise their discretion to prevent observers from listening to conversations with voters concerning sensitive personal matters (e.g., discussions of impairments or disabilities, registration while applying for public assistance, domestic issues and restraining orders, etc.).
9. What constitutes voter intimidation?

Voter intimidation is conduct that would make the voter reasonably fearful, threatened, or coerced during the voting process. It is a crime under state and federal law. Voter intimidation can include threats of violence, bodily harm, economic harm, legal action, dissemination of personal information, and surveillance. Voter intimidation includes an attempt to intimidate a voter that is not completed or is not successful. Whether an action constitutes voter intimidation depends on the circumstances. In determining whether a person's conduct is voter intimidation, the election official should ask themselves whether the specific circumstances confronting the voter would make the voter reasonably fearful, threatened, or coerced during the voting process, considering those circumstances from the voter's point of view.
10. Who may receive voter assistance?

Any voter is entitled to assistance entering/exiting the voting booth and filling out a ballot. Any voter may receive such assistance from a near relative. A near relative is a spouse, parent, grandparent, sibling, child, grandchild, mother- or father-in-law, son- or daughter-in-law, stepparent, or stepchild. Voters who need assistance due to disability, blindness, or illiteracy (including lack of English proficiency) may receive assistance from anyone the voter chooses, except the voter's employer or agent of the voter's union.

Assistants may not influence the voter's selections, take notes on anything occurring in the voting booth, or reveal how the person voted. There is no limit on the number of voters an assistant may assist. Anyone entering the polling place to assist a voter will complete a voter assistant log.

ASSISTING DISABLED AND ELDERLY VOTERS ON ELECTION DAY

A Guide for Poll Workers

Equal Treatment for all Voters

This information is provided to assist election officials and poll workers with suggestions for making voting easier for everyone. Listed below are suggestions for common courtesies at the polling place.

Common Courtesies and Guidelines

- Be considerate of the extra time it might take for a person who has a disability or is elderly to get things done, and give unhurried attention to a person who has difficulty speaking. Make chairs available for people who have difficulty standing.
- Speak directly to the person who has a disability rather than to a companion who may be with them
- Speak calmly, slowly and directly to a person with a hearing problem. Your facial expressions, gestures and body movements help in understanding. Don't shout or speak in the person's ear. If full understanding is doubtful, write a note to the person with a hearing problem.
- Before pushing someone in a wheelchair, ask if you may do so and how you should proceed
- Greet a person who is visually impaired by letting the person know who and where you are. Provide a guiding device such as a ruler or card for signing forms. When offering walking assistance, allow the person to take your arm and tell him or her if you are approaching steps or inclines.
- Be aware that dogs that assist people with disabilities should be admitted into all buildings. Such dogs are highly trained and need no special care other than that provided by the owner.
- Be aware that federal law allows voters with disabilities to be accompanied and to receive assistance by another person during the voting process

Remember that all voters deserve courteous attention in exercising their right as citizens to vote

ACCIDENTS AND EMERGENCIES AT THE POLLS

Accident or Medical Emergency

If you have need for emergency assistance such as ambulance, law enforcement or fire department, contact those agencies directly by dialing “911”. Immediately after taking care of the accident or emergency, call the precinct coordinator. The precinct coordinator will contact the elections office.

If you have a problem or incident that is not an emergency and you need assistance, call the precinct coordinator.

Physical Threat or Disturbance

If anyone is unruly, abusive, or in any way threatens the safety of precinct officials, voters or the orderly conduct of the election, call “911” and then report the matter immediately to your coordinator.

Bomb Threat, Fire or Flood

Leave the building as instructed. Personal safety always comes first. If you are able to remove any supplies when you leave the building without jeopardizing your safety, take the supplies in the following order of necessity:

- DS200
- Voted ballots (use the blue box inside the bin)
- Unvoted Ballots
- Authorization to Vote (AtV) forms of voters who have voted
- Registration lists

Note: If you are unable to take any of the supplies out of the building and voters arrive to vote, take their names, addresses and phone numbers where they may be reached during Election Day. Precinct officials and voters will be notified of an alternative polling place as soon as possible.

Contact the elections office as soon as possible. In the event the polling place needs to be moved to another location, the precinct coordinator will assist with the move.

ELECTION DAY MEDIA

- > Members of the media have a First Amendment right to report on matters of public interest, including elections
- > Members of the media must identify themselves to the chief judge

- > Members of the media may take a panoramic photograph or video of the voting place but are not permitted to use a zoom lens that could show the individual voter in the process of voting
- > Members of the media should be positioned so that they will not interfere, obstruct or disrupt the voting process. They are not allowed inside the enclosure unless they are there to vote as a registered voter of the precinct.
- > Members of the media should be treated with respect

No television sets or radios are allowed in the polling place during voting hours.
