

**INSTRUCTIONS:**

- Please complete the following information and submit it to the UST Section, Division of Waste Management, 1637 Mail Service Center, Raleigh, North Carolina 27699-1637.
- Tax certification may be issued for UST release prevention equipment to be installed or for equipment that has already been installed and is an integral part of release prevention measures being conducted at a facility.
- Tax certification may only be issued for equipment that meets the requirements contained in North Carolina's rules for USTs (15A NCAC 2N).
- Tax certification may only be requested for the cost of equipment listed at the bottom of the page. The labor and miscellaneous costs for installing the equipment are not tax certifiable.
- For equipment to be installed, the applicant must attach detailed engineering drawings showing the make/model and location of the equipment as well as proposals detailing the estimated cost of the equipment.
- For equipment that has already been installed, the applicant must attach invoices or receipts that show the make/model and location of the equipment as well as the amount paid for the equipment.
- A UST inspector will contact the UST system owner to arrange a compliance inspection to verify that the equipment meets the requirements of 15A NCAC 2N.
- Once tax certification is completed, the UST Section will mail all tax certification documents to the applicant for filing with the county tax administrators office.
- **Please note that incomplete applications will be returned to the applicant.**
- **Tax certifications will not be issued for release prevention equipment that does not meet and is not being operated in accordance with the requirements of 15A NCAC 2N.**
