

HUB CERTIFICATION WORKSHOP

TUESDAY, MARCH 26 6-8 PM

NUSSBAUM CENTER 1451 S. ELM EUGENE ST. GREENSBORO, NC 27406

The Guilford County MWBE Office & Purchasing Department will be hosting a Historically Underutilized Business (HUB) Certification workshop for our vendors. This will be a collaborative training session with Piedmont Business Capital & GTCC Small Business Center.

Vendors will be trained on how to expand their financial resources and increase their capacity. The Guilford County Purchasing Department will assist you with the HUB application and the HUB Certification process with the State of North Carolina. The Guilford County Government strongly recommends HUB certification with the State of North Carolina under the Statewide Uniform Certification (SWUC) for all Minority or Women owned businesses. HUB Certification is used by local government, state agencies and other public agencies Statewide to assure equal opportunity in purchasing programs. All certified vendors are listed in the HUB Database for commodities, services, construction and repair work.
