(b) Is the subject of a conservation agreement, as defined in G.S. 121-35, between the county and the owner of such land that prohibits nonfarm use or development of such land for a period of at least ten years, except for the creation of not more than three lots that meet applicable county zoning and subdivision regulations.

(c) Property is not eligible to enroll in a District or Enhanced District if it is within a municipal government boundary, unless that property is located within a municipal’s jurisdiction that either (i) has authorized its own District or Enhanced District program via municipal ordinance, or (ii) that municipality has a memorandum of understanding with the existing Board which allows the Board to accept applications for properties within that municipality’s boundary.

Sec. 15-64 Public recording of conservation agreements.

(c) A conservation agreement entered into for the purpose of enrolling real property in a voluntary agricultural district pursuant to G.S. 106-737(4) is not required to be recorded unless such conservation agreement is irrevocable as provided pursuant to G.S. 106-743.2.

Sec. 15-65. Revocation and renewal of conservation agreement.

(a) Renewal of conservation agreement

(1) Districts. Any conservation agreement, valid in Guilford County as of December 31, 2010, for land within a District shall be automatically renewed unless the landowner provides 30 day written notice to the Board of intent not to renew. Absent noncompliance by the landowner, neither the Board nor the Board of Commissioners shall fail to renew any conservation agreement unless this Ordinance or its authorizing legislation has been repealed.
Any conservation agreement which expired by its terms prior to the enactment of this provision shall be replaced by the new consent agreement filed in the Register of Deeds.

(2) **Enhanced Districts.** A Conservation Agreement for the Enhanced District shall be deemed automatically renewed for an additional term of 3 years, unless either the Advisory Board or the landowner gives written notice to the contrary prior to the termination date of the Conservation Agreement. At the end of each 3 year term the Conservation Agreement shall automatically renew for an additional 3 year term unless notice of termination is given. The staff serving the Board shall send a notification letter to any landowner enrolled in an Enhanced District thirty (30) days prior to the day his agreement is terminating. The letter shall describe the renewal provisions as well as the necessary steps to negate the renewal at the landowner's discretion.

(b) **Revocation of conservation agreement**

(1) **Districts.** By written notice to the county, a landowner of qualifying farmland may revoke a conservation agreement, or the board may recommend the revocation of a conservation agreement, based on non-compliance by the landowner, to the board of county commissioners for their action. Revocation shall result in the loss of eligibility to participate in a district.

(2) **Enhanced Districts.** The conservation agreement for the Enhanced District shall be binding upon all successors in interest to the landowner, except for successors in interest resulting from the exercise of rights under a security interest or lien that preceded the conservation agreement, or by condemnation.

**Sec. 15-66. Application and approval procedure.**

(a) **Application procedure.** A landowner may apply to participate in either a District or Enhanced District by making application to the chair or a designated staff person. The application shall be on forms provided by the board.

(b) **Approval process.**

(1) Upon receipt of an application, the chair will forward copies to the following agencies for their prompt evaluation and response:

a. The Guilford County Soil & Water District office in Guilford County

(2) Upon receipt of the response from the Guilford County Soil & Water District, the Board shall meet within 30 days to consider the application. The Chair shall endeavor to notify the applicant by first-class mail of its recommendation within 15 days.

(3) The recommendation shall then be acted upon at a meeting of the Board of Commissioners, whose decision shall be final.

**Sec. 15-67. Public notice.**

(a) **Procedure.** Upon approval of a District or Enhanced District, appropriate maps shall be updated so that a person wishing to ascertain the proximity of a particular tract to a District or Enhanced District may do so. The Board, in cooperation with Guilford County, shall provide notification to property owners,
residents, and other interested persons within one mile and adjacent to any designated agricultural district, as set out in Section 15-62. The purpose of such notification is to inform current and potential residents and property owners in and adjacent to an agricultural district, that farming and agricultural activities may take place in this district any time during the day or night. These activities may include, but are not limited to the following: pesticide spraying, manure spreading, machinery, truck, tractor operations, livestock operations, sawing, and similar activities.

Sec. 15-68. Public hearings for condemnation of Districts and Enhanced Districts.

No state or local public agency or governmental unit may formally initiate any action to condemn any interest in qualifying farmland within an Enhanced District until such agency or unit has requested the Advisory Board to hold a public hearing on the proposed condemnation. This provision ensures that the condemning agency or unit considers the impact of its actions upon agriculture, forestry, and/or horticultural prior to taking action that is not reversible. This provision is not intended to, and does not prohibit the condemning agency or unit from taking action that is authorized by law.

(1) Upon receiving a request, the Board shall publish notice, through sufficiently adequate mediums, within five (5) business days of the request, and will in the same notice notify the public of a public hearing on the proposed condemnation, to be held within ten (10) days of receipt of the request.

(2) The Board shall meet to review (i) whether the need for the project has been satisfactorily established by the agency or unit of government involved, including a review of any fiscal impact analysis conducted by the agency involved; and (ii) whether there are alternatives to the proposed action that have less impact and are less disruptive to the agricultural activities of the District within which the proposed action is to take place.

(3) The Board shall consult with designees from Cooperative Extension, Natural Resources Conservation Service, Soil & Water District, and any other individuals, agencies, or organizations deemed by the Board to be necessary for its review of the proposed action.

(4) Within five (5) days after the hearing, the Board shall make a report containing its findings and recommendations regarding the proposed action. The report shall be made available to the public prior to its being conveyed to the decision-making body of the agency proposing the acquisition.

(5) There will be a period of ten (10) days allowed for public comment on the report of the Board.

(6) After the ten (10) day period for public comment has expired, the Board shall submit a final report containing all of its findings and recommendations regarding the proposed action to the decision making body of the agency proposing the acquisition.

(7) The total time period, from the day that a request for a hearing has been received to the day that a final report is issued to the decision making body of the agency proposing the acquisition, shall not

(b) Abeyance. Water and sewer assessments will be held in abeyance, without interest, for qualifying farms, inside a district and enhanced district, until improvements on such property are connected to the water or sewer system for which the assessment was made.

(c) Termination of abeyance. When the period of abeyance ends, the assessment is payable in accordance with the terms set out in the assessment resolution.

(d) Suspension of statute of limitations. Statutes of limitations are suspended during the time that any assessment is held in abeyance without interest.

(e) Other statutory abeyance procedures. Nothing in this section is intended to diminish the authority of the County to hold assessments in abeyance under G.S. 153A-201 or other applicable law.

(f) Conflict with water and/or sewer system construction and improvements grants. To the extent that this section conflicts with the terms of federal, state, or other grants under which county utility systems are constructed this section shall not apply. This section shall not apply to utilities that are not owned by the County unless the County has entered into an agreement with the entity(ies) owning the utilities and that agreement provides that this Ordinance shall apply.

(g) Additional benefits for Enhanced Districts

Landowners participating in Enhanced Districts may receive up to twenty-five percent of gross sales from the sale of nonfarm products and still qualify as a bona fide farm that is exempt from county zoning regulations under G.S. 153A-340(b). A farmer seeking to benefit from this subsection shall have the burden of establishing that the property's sale of nonfarm products did not exceed twenty-five percent of its gross sales. A county may adopt an ordinance pursuant to this section that sets forth the standards necessary for proof of compliance.

(2) Agricultural cost share program. Landowners participating in Enhanced Districts are eligible under G.S. 143-215.74 (b) to receive the higher percentage of cost-share funds for the benefit of that farmland under the Agriculture Cost Share Program established pursuant to Part 9 of Article 21 of Chapter 143 of the General Statutes to benefit that farmland.

(3) Priority consideration. State departments, institutions, or agencies that award grants to farmers are encouraged to give priority consideration to landowners participating in Enhanced Districts.
